Dear Attorney General of the Federation,

Armed men abducted Imoleayo Michael two weeks after he participated in a protest against the Special Anti-Robbery Squad (SARS), which is known for violence and extortion. He was held in an underground cell for 41 days.

Now Imoleayo Michael faces years in prison on charges of “conspiring with others to disturb the peace”. He was simply exercising his rights to freedom of expression and association. I urge you to drop all charges against Imoleayo Michael immediately.

Sincerely,
